

## Matching Gifts

Many corporations offer matching gifts programs to promote charitable giving to nonprofit organizations. Please check with your employer whether your donation can be matched by simply applying with your company. Most matching gifts programs are managed by the human resources department, with the most common policy being dollar for dollar matching (up to a certain amount). Below is a list of companies that offer matching gifts and may match your gift to the GISSV. If your company offers matching gifts, but is not included, please let us know so we can keep the list updated.

GISSV is very grateful to these companies and to you for choosing to support our school.
